JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

passengers inspected and passed, 116; number of steerage passengers inspected and passed, 75; number of crew inspected and passed, 70; number of sailing vessels disinfected, 2.

Respectfully, W. C. HOBDY,
Assistant Surgeon, In Temporary Charge.

The SURGEON-GENERAL.

Outgoing quarantine removed.

HONOLULU, H. I., *October 6, 1902.*

SIR: I have the honor to inform you that the outgoing quarantine was taken off on the 5th instant, as it has been thirty days since the last case of plague in Hônolulu.

Respectfully, W. C. HOBDY,
Assistant Surgeon, In Temporary Charge.

The SURGEON-GENERAL.

[Telegram.]

HONOLULU, H. I., *October 15,*
via San Francisco, Cal., October 21, 1902.

WYMAN, *Washington, D. C.:*

There was a death from plague at Honolulu on October 14.

HOBDY.

HONDURAS.

Weekly report of conditions and transactions at La Ceiba—Fruit port.

LA CEIBA, HONDURAS, *October 11, 1902.*

SIR: I have the honor to make the following report of the conditions and transactions at this port during the week ended October 11, 1902:

Present officially estimated population, about 4,000. Number of cases and deaths from yellow fever during the week, none; number of cases and deaths from smallpox during the week, none; number of cases and deaths from typhus fever during the week, none; number of cases and deaths from cholera during the week, none; number of cases and deaths from plague during the week, none; number of deaths from other causes during the week, 2. Prevailing diseases, malarial. Causes of above 2 deaths—1 suicide, the other malaria (in a child). General sanitary condition of this port and the surrounding country during the week, good.

Bills of health were issued to the following vessels: October 5, Norwegian steamship *Gwent;* crew, 16; passengers from this port, none; passengers in transit, none; baggage disinfected, none. October 8, American schooner *Santo Oteri;* crew, 7; passengers from this port, none; passengers in transit, none; baggage disinfected, none. October 9, American steamship *David;* crew, 24; passengers from this port, none; passengers in transit, none; baggage disinfected, none. October 11, Norwegian steamship *Geo. Dumois;* crew, 17; passengers from this port, none; passengers in transit, none; baggage disinfected, none.

Respectfully, W. B. ROBERTSON,
Acting Assistant Surgeon.

The SURGEON-GENERAL.
